

Exceptional Event Demonstration for September 2017 PM₁₀ Exceedances Due to Wildfires

Based on the exceptional event rule, Department of Ecology (Ecology) is submitting a demonstration report to U.S. Environmental Protection Agency (EPA) to exclude PM₁₀ air monitoring data related to the wildfire on September 5, 6, and 7, 2017. Ecology has prepared the report in collaboration with our agency and is seeking comments on the report. The public is invited to comments on the report through September 14, 2018. Please follow the links below to the report and the comment form. Please submit your comments on the report directly to Ecology using the form link below through September 14, 2018.
